No other deaths have occurred and the victims are all in a fair way to recovery."

PITTSBURG, Jan. 12.—A movement has been started here to have Francis Murphy, the temperance apostle, locate permanently in Pittsburg. A large number of manufacturers and business men have subscribed a sum ranging from $100 to $1,000 each, toward raising a working fund for that purpose. A congregation has been formed known as the church of gospel and of temperance, and a call has been issued to Mr. Murphy to come to this city as its regular minister. Library hall has been secured for the meetings. During eight weeks of the late revival, 18,000 signed the pledge.

The Strength of the Socialists in Chicago.

CHICAGO, January 11.—The Daily News will publish the result of the investigation into the actual strength of the socialistic movement in this city. The First company of Lehr Wehr Vorer, had about thirty men at its last drill; second company, nine men and three boys at its last drill, with one gun for the lot. The third company exists only in socialistic imagination, and the same is true of the Jager Virein Bohemian sharpshooters, who had less than twenty at their last drill. The Daily News says that although they could not muster more than 100 drilled and armed men and intimates that the scare is being fostered in the interests of increased appropriation for the state militia. The police authorities, it says, laugh at the sensational reports published and say they can promptly suppress any outbreak of which the socialists are capable.

Coal Mine on Fire.

COLUMBUS, January 11.—The Columbus and Hocking coal and iron company discovered this morning that mine No. five, at Straitsville, was on fire, having been fired on the night previous. The mine has not been in operation for some time, though it is one of the largest in the country, having a capacity of about one hundred and twenty-five cars per day. Entrance was gained to the mine by removing about fifteen feet of earth and blocks, which had been used in closing the old entrance. The perpetrators were not discovered in the act of firing the mine. The reports are that some people who endeavored to go near the mine to-night were fired upon, but no person was hurt. This is one of the mines which was fired at another place some two months ago.

The Coal and Iron Company is so enraged over the affair that they announce a determination to put themselves on the offensive rather than occupy a position on the defensive in a fight which has to be continued. Signal lights are reported as seen to-night in the direction of Haydenville, but no particulars have been received.

Who if not Guilty Will be Apt to Make it Very Warm for Certain Newspapers.

A Wife Murderer Sentenced to Hang---General Grant now at His Literary Labors.

A Cold Day for Cold Water.

ST. LOUIS, January 11.—In connection with the controversy between Governor St. John, of Kansas, and J. S. Clarkson, of Iowa, and others respecting the alleged offer of St. John to withdraw from the presidential canvass for money, the Globe-Democrat will to-morrow publish the following letter addressed to R. C. Kerenes, of this city. The words in brackets are supplied by the editor of the Globe-Democrat, they having been omitted in the original:

"CLEVELAND, Ohio, Oct. 10, '84.

"Dear Sir: I made the mistake in coming here. I should have gone to Detroit. I have been communicating with him (St. John) by telegraph. I have said to him that (at the conference,) it was two-fifths down in Philadelphia to-morrow night, and three-fifths by the 18th, and he insisted upon the sixteenth for the second payment, provided he left for Philadelphia to-day, and said, 'our senator (Senator Plumb) told me it should be done.' Just got this (from St. John); 'All right; will leave in a short time for Philadelphia, and will cancel all west of there. Meet me in Pittsburg to-night.' I sent you a telegram under the name of Johnson, because I did not want to use my own name. I confess I made the pledge quite wildly, but Plumb told me to make it. I mean by that, he told me to keep St. John quiet in this state and get him to Cincinnati and you would give him $5,000 or $8,000 down and then I said, 'Suppose I pledge him $10,000, will my pledge be good,' and he said, 'Yes, Kerenes will (give) him $10,000.' So, if I have cut a big hog, the pork belongs to Plumb. Now, I am going over to Pittsburg to see him. (St. John.) Is is not possible for you to send some (one) over from New York to arrange with him and fix him then and 'thar'? I am a little guilty because you don't respond to Johnson's call for aid for his country. It was not possible you were seduced on the road home and thus led astray, nor that you are drunk, for you are too good a St. Johnite and love Sunday school. I have got St. John out of the state and made promises to him that in some way I want redeemed. You may not care a d—n, utt nave. ive with him and you don't; so does Plumb, Simpson et omnie genus. Hell, how scholarly. Truly yours,

"JAMES F. LEGGATE."

ST. LOUIS, Jan 13.—The editorial in to-day's *Globe-Democrat* referred to in these dispatches last night in connection with James F. Legate's letter says, Mr. St. John secured, early in the campaign, from Senator Plumb, a letter introducing Mr. Legate to the national republican committee as a person authorized to act and speak for him; that Legate said to the republican committee that St. John's original idea was that he ought to get $250,000. The article further says, Legate explained to the committee how St. John could be of service to the republicans, stating that he (St. John) was to say in his speeches that it was evident that the choice was between Blaine and Cleveland, and that as Blaine represented whisky and loyalty and Cleveland represented whisky and disloyalty, he was for Blaine and that he was to be accompanied in his canvass by Mr. Legate as a prominent politician from Kansas who was to verify all St. John said, and state that the prohibitionists of Kansas would all vote for Blaine. After a good deal of discussion it was agreed to pay St. John $25,000. The editorial also states that the sentence in Legate's letter reading, "I am little guilty, because you don't respond to Johnson's call for aid for his country," is a cypher phrase, and that Johnson's call for aid for his country means Legate's dispatch for St. John's money. The *Globe Democrat* claims it has made out one side of its case against St. John, viz: that he sought money from the republicans and that having failed to get money from them St. John directed his campaign in the interest of the democrats and was liberally rewarded. It further says there are several gentlemen who could help prove this and mentions the editor of the Chicago *News* as one and Senator Gorman, of Maryland, as another.

The General Recovering.

NEW YORK, Jan. 12.—General Grant's physician said last night in response to inquiries in regard to the general's health: "General Grant consulted me early in autumn about a pain in the side of his tongue, which rendered it very painful for him to articulate and masticate his food. The general smoked cigars extensively and this seemed to irritate the tongue. We restricted him to three cigars a day and he stopped smoking of his own accord. It is very remarkable that this change was not followed by any disturbance of the nervous system or general irritation. He is improved locally and is able to speak without pain, and his general appearance is improved in every respect. He is now occupied several hours a day in literary work, which he seems to enjoy.

At the locality indicated the train broke in two sections and the Pullmans were left standing on the track. from the intense pain caused by **Rheumatism** and **Neuralgia**, they are very dangerous diseases, frequently causing death. It is strange that until lately medical science has been unable to discover a remedy that is safe in its action and sure in its cure. Remedies have heretofore been discovered, but so dangerous are they, that unless carefully administered, they are more deadly than the disease. It is because

ANTI-CAMERON politicians want Major A. M. Brown, a Pittsburg lawyer, to run against Cameron for United States senator.

THE people of New York evidently do not believe in petticoat rule. Governor Hill, President-elect Cleveland's successor, is a bachelor.

A CONNECTICUT man saw the ghost of his mother-in-law and died the next day. It appears that the ghost is almost as fatal as the genuine article.

GENERAL GRANT is apparently the only man in this great and glorious nation who is not deeply distressed about General Grant's financial condition.

GOVERNOR CLEVELAND now spells his title with two hyphens, one pointing backward and the other forward, ex-governor and president-elect.

A MOVEMENT has been started at Cincinnati to organize the American-Irish parliamentary club, with 20,000 members in the United States, each to pay $5 a year.

"THERE is a vast unfathomable chasm between what we desired and what we obtained," writes an eastern editor. In the west we simplify things by saying "we got left."

C. P. HUNTINGTON, who has returned from a railroad inspecting tour, says he found his railway enterprises in the southwest in as good shape as he had expected under the circumstances.

DURING the past year the total number of emigrants arriving in the province of Toronto was 87,360, against 97,513 the previous year. Of the total number, 58,894 came to the United States.

MR. BLAINE will not have his second volume of "Twenty Years of Congress" completed until about the 1st of next May. He is at present engaged upon the reconstruction period which followed the rebellion.

AN industrious reporter on the Cleveland *Herald* has discovered that the city has a capacity for manufacturing and putting upon the market ten tons per day of oleomagarine and suene which are made to masquerade as butter.

THE *Inter-Ocean* is refreshingly frank. It says: "There is no use of mincing matters and whining over it. Cleveland and Hendricks will appoint just as many republicans to office as Blaine and Logan would have appointed democrats if they had succeeded."

A SALVATION army captain at Dover, N. H., defies the mayor on the ground that he gets his orders from heaven, and would not allow earthly powers to dictate. The captain has sent for reinforcements, and the mayor is getting his cops in order to club the streeters when the real test comes.

A LETTER in the Indianapolis *News* says: "I venture to assert that Washington is the most beautiful and immoral city in the United States. If the annals of Paris or New York were searched there could scarcely be found parallels of the viciousness and immorality of the American capital."

WEYOHEYATAWWIGWAGASNA, an Indian, has entered Dartmouth college. If by the time he graduates, he can spell his own name, his efforts to secure an education will not be a failure.

A WEATHER prophet has offered for a pecuniary consideration to tell the managers of the inauguration ceremonies what kind of weather it will be on the 4th of March. A republican poet long ago "scooped" this prophet when he predicted that "some days must be dark and dreary."

WHEN a "bear" yells out from the pit of a board of trade, "I'll sell 5,000 February wheat," and a "bull" responds, "take it," that is a species of modern commerce. When a man neither a "bull" nor a "bear" says, "I'll open that pot for $10," that is a species of gambling, both ancient and modern.

THE *Courier-Journal* very pointedly says: "Perhaps those republican papers which deny that Mr. Cleveland wrote the recent letter on civil service which appeared over his signature will tell us who did write it. Mr. Blaine is the only litterateur in this country known to have a penchant for writing letters for other men to sign, but it will at once be admitted that it would have been a simple impossibility for Mr. Blaine to have written the Cleveland civil service letter."

IT is said that Mr. Arthur will go out of the white house a poorer man than when he went into it. Quite likely that is true. The president has not been very frugal in the management of his household. He has spent his salary with a liberal hand, and his entertainments have been frequent and costly. He has set up champaign on occasions when, it is said, Mr. Hayes was wont to regale his guests with water or crab apple cider. Champagne at two or three dollars a bottle makes a larger hole in the presidential salary than cider at two dollars a barrel.

When a remedy has proven itself to be a cure for consumption and a perfect lung restorer, it should be kept in every well regulated home. We refer to Dr. Wistar's Balsam of Wild Cherry, a single dose of which will cure an ordinary cold or cough. A few bottles will cure consumption. It is very pleasant to take.

Mr. Sardou is writing three plays for three theaters in Paris.

Cap. Mitchell, of the bark Antoine Sala, New York and Havana trade, came home in May, entirely helpless with rheumatism. He went to the mountains, but receiving no benefit, at his wifes request began to take Hoods Sarsaparilla. He immediately began to improve; in two months his rheumatism was all gone, and he sailed in command of his vessel a well man. Hood's Sarsaparilla will help you. Sold by all druggists.

A Cincinnati phrenologist has examined Mark Twain's head and pronounces it real.

Malaria is a disease which, when it once takes hold of the system, never lets go—that is, it doesn't let go under any ordinary preparation. On the contrary it is one of the most wonderful productions of medical science. Malaria gives up the ghost when this powerful remedy enters the field to contest its sway, and the proper use of the bitters will speedily restore to a state of perfect health and vigor.

Joseph H. Patton, editor of the *Leisure Hours*, is dead.

What it is—What it Does.

Hood's sarsaparilla is made of sarsaparilla, dandelion, mandrake, cherry bark, uva ursi, dock, and other valuable medicinal agents long and favorably known for their power in eradicating disease and purifying the blood. It will cure, when in the power of medicine, scrofula, salt rheum, dyspepsia, headache constipation, biliousness, general debility, pains in the back, kidney complaint, catarrh, female weakness, cancerous humors, humors of the face, ringworm, pimples, ulcers, sores, tumors, scald head, and all diseases arising from an impure state or low condition of the blood. Hood's sarsaparilla is made by C. I. Hood & Co., Lowell, Mass. Sold by all druggists; $1, six for $5.

HOPE!

A young man named John Naves, living near here, had an eating cancer on his face, which had eaten away his nose, part of his cheek, and extended up nearly to his eye. It was one of the most angry eating sores that I had ever seen. His throat finally became involved to such an extent that he could only swallow liquid food. After using all the remedies without checking the ravages of the eating cancer, his general health was broken down, he was confined to his bed, and thought it to be only a question of time about his death from the cancer. I put him on Swift's Specific as a last resort, and he began to improve with the first dose. His general health improved at once, and rapidly; his throat got well; the ravages of the cancer were soon stopped; it began to heal around the edges; and after a few months treatment with S. S. S. he has gotten entirely well. His face is all healed over with new flesh, and his general health is excellent. His recovery is wonderful. M. F. CROMLEY, M.D. Oglethorpe, Ga.

Cancer for Many Years.

TIPTONVILLE, TENN., Oct. 12, 1884.—Gentlemen I am using S. S. S. Specific has proved to be a wonderful remedy in my form of cancer, and that Swift's Specific is doing it was very bad one. I am in fine health—not better for twenty years. I have gained twenty-five pounds since I commenced taking SWIFT'S SPECIFIC. R. S. BRADFORD.

Snatched from the Grave.

Mrs. Sarah E. Turner and her mother Mrs. P. E. Bryan, for nineteen years residents of Humboldt, Tenn., make the following statements as to the merits of Swift's Specific. Mrs. Turner's case is well known in this community. She says:

"I was afflicted for two or more years with Eczema and Erysipelas combined. My whole system was broken down, my strength and appetite gone, and I became as helpless as a child, being lifted from place to place by my friends. I was treated by the best physicians in the community with iodine of potash and the other usual remedies for such cases. I was given up to die by my friends. My sufferings were beyond description, and I had lost all hope of recovery. Last January I was induced to try Swift's Specific, having received a pamphlet from the company detailing its merits. The first half dozen bottles had the effect to bring back hope to my heart, and the thought of being well again brought joy and gladness to the household. I have taken altogether 24 bottles. The sores have all healed up and disappeared; my strength has returned, and I am able to do all kinds of housework. Swift's Specific, I honestly believe, snatched me from the grave, and I do not know how to be grateful enough for my recovery.

MRS. SARAH E. TURNER."

I know that S. S. S. has saved my daughter's life. She was the most wretched looking object that I ever saw when she commenced taking it, being perfectly helpless. I thank God that we heard of it. It has saved my child.

THE CITY.

The city skating rink is doing a big business.

Mrs. T. P. Kentor is again society writer for the *Gazette*.

John W. Baker has been confirmed as postmaster at Columbia City.

The First National bank stockholders meet to-morrow to elect directors.

The carnival of the west end skating rink Saturday night was a great card.

The stockholders of the organ factory meet to-morrow to elect seven directors.

The poultry men meet to-night for consultation at Councilman Welch's office.

The Kerr Murray foundry has resumed operations with almost a full force of men.

Levy's concert troupe went to pieces at Elkhart. The famous cornetist could not pay his people.

The funeral of Patrick Golden occurred yesterday from the cathedral. The sodalities attended in a body.

All the electric lights now blaze at night and the company has sufficient power to keep them charged with electricity.

Rt. Rev. Bishop Rademacher preached an able and eloquent sermon at the Cathedral Sunday morning. To-night the distinguished prelate returns to his home.

Saturday night thieves opened the safe in the office of Humphreys & Gerow but found nothing. Two bonds were laid in the floor. The thieves were not apprehended.

George Rahus, Henry Meyer and Charley Rehm, prominent tailors of this city, will attend the meeting of the United Custom Cutter's association, at Detroit this week.

Crowds of discharged Pittsburg brakemen hang about the south depot and gay the double-headed freight trains. The assertion that the boys attempted to inaugurate a strike is bosh.

A man who did not give his name was knocked down on South Calhoun street Saturday night and a suit of clothes taken from him. Deputy Marshal Limecooly was notified to-day.

Thieves are now energetic hereabouts. Tom Kennedy mourns the loss of two rolls of carpet and Henry Newhaus seven fine chickens, which some fellow carried from his farm just west of town.

Bross Eix and Christ Eix had a quarrel, last night, with Charles Coop, and pulled a knife on him. The mayor fined the Eix brothers for their racket, and also assessed Coop $14 for slugging Messrs. Eix.

Miss Nettie Thompson will entertain a numerous party of friends to-morrow night at her home on Melita street. The party will be a farewell occasion, as she will soon be united in marriage to Mr. George Harrison, of Crestline, Ohio.

Captain John H. Rohan, of this city, has received official notice of his appointment to the position of major of the first regiment of Indiana legion, composed only of veterans of the late war. No soldier deserves the honor more than Captain Rohan.

Herman Guendling, brother of Father Guendling, pastor of the Catholic Orphan asylum at Rensselaer, died at the residence of his brother-in-law at Lafayette Saturday afternoon about 3 o'clock from cancer of the stomach. The remains were taken to Peru by Father Guendling.

J. W. Cope and Will Mannix send THE SENTINEL an invitation to the inauguration of Governor Gray, at Indianapolis, to-day. A seat for THE SENTINEL representative is reserved at English's Opera house to-night, where the festivities will occur. Messrs. Mannix and Cope have our thanks.

The Huntington *Herald* says: "A young son of Fred Brodt, of Fort Wayne, died of diptheria, and the remains were brought to this city for interment by the 4:13 train Friday evening. The deceased was a nephew of Harvey Outs, of this place. A few weeks ago the father of the boy had an arm taken off in a saw mill, and now lies in the hospital at Fort Wayne."

Statistics presented by Post Commander D. N. Foster, of Sion S. Bass Post, G. A. R., made the following showing: Total receipts for 1884, $1,960.73; total expenditures, $1,870.70; $968 has been expended to relieve indigent soldiers. The average membership has been about 500. Six deaths have occurred, and ten comrades have been granted transfer cards to other posts.

The Indianapolis *News* says that at the close of April next the Air Line will find freight quarters at the Cincinnati, Hamilton and Indianapolis depot. The contract with the Wabash expires with that month and both parties will be glad of it. The Wabash depot and tracks have been inadequate to accommodate the business of the Wabash and the Air Line, and since the Wabash could not get rid of its lessee it has made it as uncomfortable as possible.

A new restaurant has opened on Harrison street.

There were fair congregations at all the churches yesterday.

William Eckert, an old toper, went to jail this morning for drunkenness.

Rhinesmith & Simpson have reduced wages at their lumber mill and yards.

The receipts of the Pittsburg freight office here for 1884 amounted to $784,920.82.

The ornaments for the new Wells street bridge are in place. The bridge is the finest in the county.

Twenty tramps were sheltered in the calaboose last night. They slumbered on the loft three deep.

People caught in the Wabash yards at night now will have to account for themselves to a special detective.

Thieves broke into Henry Meyer's blacksmith shop, at the corner of Harrison and Water streets, Saturday night and stole a four-pound sledge hammer and a quantity of brass and iron.

Henry Newhaus is in the city, representing A. S. Maxwell & Co., of Chicago. This house put all the paper decorations on the interior of the exposition building at New Orleans and their work is open to the inspection of the world.

S. E. Morse leaves here to-day for Washington, where he will represent the Chicago *Times*. Mr. Morse is great in any department of journalism, but a particularly brilliant and interesting correspondent. Sam will distinguish himself at the national capital.

The night watchman of the postoffice struck a young man by the name of McLachlan, who was obstreperous in the postoffice entry, with his fist. It is hard to determine which was hurt the worse as the metacarpal bones of the watchman's right hand were broken.

Colonel R. W. McBride, of Waterloo, has been named by the governor to represent Indiana on the staff of the commanding general on the dedication of Washington's monument. Colonel McBride is well known here, and that fact suggests that Governor Porter has ignored Fort Wayne republicans in all his appointments.

The through shipments of flour, grain and provisions from Chicago to the east by the pool lines, during the week ending Saturday, January 10, amounted to 54,611 tons, against 39,404 during the preceeding week, an increase of 15,207. He is the author of an excellent pharmaceutical lexicon, and was for many years a druggist in Fort Wayne."

The committee having in charge the raising of funds to liquidate the indebtedness of the Jeffersonians met at S. C. Lumbard's residence this evening. These gentlemen went into their pockets frequently during the campaign and the payment of $150 now comes steep. The meetings of this committee have been magnified into social gatherings by city papers, but when it comes to the payment of about $10 a piece for the sport of the late campaign it is not so "social" as it seems.

AMUSEMENTS.

Professor Reynolds.

The great English mesmerest Professor Reynolds opens at the Academy tonight. The press speaks in the highest terms of his ability and the character of his entertainment. His subjects are made to experience the most delightful sensations as well as to perform the most ridiculous antics and there is but little doubt that large audiences will assemble during the week to witness such a power proven by ocular demonstration.

THE WILBUR OPERA COMPANY.

"The Wilbur opera company appeared last night for the first time this season at the Academy of Music in Lecoq's merry opera, 'Girofle Girofla.' There was a particularly large audience, showing that comic opera in season and at regular prices is still welcome. The company proved to be an excellent one, and the pretty music was given with good effect, although at times the male chorus and the orchestra got slightly mixed. Miss Susie Kirwin, as the twin sister, acted with much spirit, and sang her numbers in delightful voice, her drinking song receiving a deserved encore. She is a favorite here. Ed. Chapman was particularly funny as the father, while Conly, as Marmequin, gave an excellent performance. Mr. Bland's voice is hardly equal to the trying ordeal of Moursouk, but he is a conscientious artist and did his best. Miss Georgia Knowlton was excellent as the mother, and Annie Somerville was a pretty Paquita. The chorus was large and the female portion pretty. The costumes were fine."—*Baltimore American and Commercial Advertiser.*

For scrofula, syphilitic disorders, thin and watery blood, sluggish liver (indicated by poor digestion), weak kidneys, (indicated by urinary sediments), diseased mucous membrane, (indicated by both nasal and urinary catarrh, inflamed eyelids, etc.), use Dr. Guysott's Yellow Dock and Sarsaparilla. It gradually rebuilds a broken-down constitution and restores robust health and strength to every part. No other remedy equals it.

Rheumatism

We doubt if there is, or can be, a specific remedy for rheumatism; but thousands who have suffered its pains have been greatly benefited by Hood's Sarsaparilla. If you have failed to find relief, try this great remedy.

"I was afflicted with rheumatism twenty years. Previous to 1883 I found no relief, but grew worse, and at one time was almost helpless. Hood's Sarsaparilla did me more good than all the other medicine I ever had." H. T. BALCOM, Shirley Village, Mass.

"I had rheumatism three years, and got no relief till I took Hood's Sarsaparilla. It has done great things for me. I recommend it to others." LEWIS BURBANK, Biddeford, Me.

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the *combination* of remedial agents; 2d, the *proportion*; 3d, the *process* of securing the active medicinal qualities. The result is a medicine of unequal strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and seems to make me over." J. P. THOMPSON, Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. J. HARRINGTON, 120 Bank Street, New York City.

WHITE SEAL BURNING OIL

The New York board of health estimates that 30,000 lives have been destroyed by the explosive qualities of petroleum. If every household would adopt the White Seal oil for family use, none of these unfortunate accidents would occur.

WHITE SEAL BURNING OIL

has none of the defects usually found in common oils. It cannot be exploded, does not char the wick, will not smoke, emits no offensive odor, and prevents the breaking of chimneys.

WHITE SEAL BURNING OIL

is a rich oil for illuminating purposes. It is as light in color as pure water. It gives a strong steady light, and burns much longer than common oils.
